

Jeremiah

Jeremiah's bringin' down his fishin' boat; some bait and tackle and a bottle of wine
Clearwater rowin' all my worry away, I got a rainbow tuggin' on my line
Feelin' like a happy little kid in the game, I was leavin' all my trouble behind
I been lost, double-crossed, I been blind.

Droppin' anchor near our favorite grove and Jerry's pullin' out a sachel of kind
Hittin' on a fatty lying in the shade with only mother nature on my mind
Just when it couldn't get much better, I was thinking "Man, ain't life fine"
I been lost, double-crossed, I been blind.

This time your gonna have to row. We got our lives out on the line
So paddle on Jerry! Paddle on Jerry!
Next one's on me if we both get out alive
I been lost, double-crossed, I been blind

Driftin' along, the sun got higher, lost all track of time
A sound like thunder started gettin' louder, trees accelerating past my eyes
That's when the bottom dropped right out, no time to say goodbye
I been lost, double-crossed, I been blind.

This time your gonna have to ...

Sometimes you're doin' all you can livin' it up or gettin' by
When some dumb fuck or just bad luck hits you right in the eye
Your perfect plan don't stand a chance no matter how hard you try
You'll feel lost, doubled crossed, You'll feel blind

This time your gonna have to ...
